Wins Rifle

Lanny Allen of Violet Grove, one of the winners in C.I.L.'s "Shoot to Win" contest, is shown above receiving his prize, a Model 121 22 calibre rifle, and the congratulations of Al Walton during the presentation by a representative of C.I.L. in Al's Sports Shop last week. 47,000 entries from across Canada were received in the contest with Allen placing among the 250 winners who shot and returned the best targets. Despite being confined to a wheelchair, Allen does not let his handicap interfere with his love for the outdoors and bagged an elk last week hunting from his specially built, hand-operated swamp buggy.

Civic Election Wed., Oct. 18

Drayton Valley voters will go to the polls on Wednesday, October 18th to elect a mayor, two councillors and a Separate School trustee. Proprietary electors will also be asked to decide the issue of two bylaws for improvements to the swimming pool and improvements to the water works system.

Campaigning for the mayoralty, being vacated by Howard Pickup, are retiring Councillor Robert Findlay and former mayor, Adrian Meier.

Eight candidates are in the race for two council seats being vacated by Mr. Findlay and Mr. Harry Zolmer. Seeking election are Ernest Lindskoog, Kenneth Machan, Eugene Meraw, Arthur Munro, Erven Rendflesh William Rose, Norman Swendseid, and John Zukowski.

The post of Separate School Trustee is being sought by Claude Albert and Terence Mulgrew.

Advance Poll This Weekend

An advance poll will be held on Thursday and Friday, October 12th and 13th for residents of the community who are unable to vote on Election Day, October 18th.

The poll will be held in the Town Hall between 4:00 and 6:00 p.m. on each of the two days.

Tag Day Planned

The Drayton Valley Athletic Association will hold a Tag Day on Friday, October 13 from 5:00 to 9:00 p.m and on Saturday, October 14 from 10:00 a.m. until 6:00 p.m. Money raised in this manner is put to work supporting the minor sports program.

Liberals and P.C.'s Name Candidates

Activities are speeding up for the Federal by-election in Jasper-Edson to be held on November 6th with Liberals and Conservatives both naming candidates last week. The Social Credit Constituency Association has announced its decision not to field a candidate and reports of an N.D.P. entry were not confirmed by Tuesday of this week.

A Liberal nomination convention held in Wildwood last Thursday selected Allen Sulatycky, a Whitecourt lawyer, to represent the party in the up-coming campaign. Mr. Sulatycky won out over Hugh Rogney of Bon Accord, Sandy Robinson of Jasper, and Doug McKeen of Sangudo.

Conservatives, meeting at Edson Friday evening, named Doug Caston, publisher of the Edson Leader, to contest the seat left vacant by Dr. Hugh Horner of Barrhead who retired from federal politics to campaign successfully in the last provincial election in Lac. Ste Anne Constituency.

Over a hundred people were present at the P.C. meeting where Mr. Caston won handily over his opponents Ernest Watkins of Calgary and Gerry Lundgren of Whitecourt.

TOPS Membership Helps Combat Weight Problems

A few weeks ago the local chapter of Valley TOPS (Take Off Pounds Sensibly) reported in this newspaper on the founding of our club chapter and of the achievement of one of our members, Mrs. W. Steeves when she won the Provincial crown as queen for the most weight loss.

As a group we thought you might like to hear from us occasionally and if you have a weight problem you would try to contact our chapter and join us in our battle-constant and ever with us. If you have no weight problem, you are extremely fortunate and possibly you do not even realize how very lucky you are. But, if you are inclined to overweight you probably have at some time dieted, lost a few pounds and relaxed. In a few weeks you find your clothes are getting uncomfortable and a little too tight. A few more weeks the pretty new dresses you bought when you lost those ugly pounds just won't zip up. So you stand on the scale again and you are shocked and dismayed to find you are five or ten pounds more than you were before you went on the diet. This is very definitely the pattern of chronic overweight.

At Valley TOPS we can all verify this fact, consequently, we have been more than happy to find that by belonging to TOPS we are able to keep from slipping back too severely. To be honest we have all slipped back sometime in the last one and a half years but if we did not have the constant therapy of being together in the same predicament we would have slipped all the way back plus some.

All the members have not erred to the same extent but all have in varying degrees. Each individual member feels our weekly meetings keep us trying.

We are extremely fortunate our local doctors take an active interest in our efforts. Dr. Lewis, and Dr. Waugh have addressed our meetings and Dr. Maclure will be addressing us in the near future.

If anyone in Evansburg, Breton, Wildwood or neighboring towns this publication reaches is interested in starting new chapters of TOPS please phone Mrs. W. Steeves at 542-3516, Mrs. P. Pajak at 542-3866 or Mrs. D. Smith at 542-3506.

Margaret Hammerlindl Wins Top Honor for Girl Guides

On Friday, October 6th in the Legislative Building, Edmonton the government of Alberta paid special tribute to the Alberta Girl Guides who had earned their Gold Cord, the highest honour in Guiding.

In an impressive ceremony the Lieutenant Governor, with a left hand shake, gave each girl her Gold Cord Certificate.

Within the last two years, from the thousands of Girl Guides in Alberta only eighty-seven girls had obtained this cord. Margaret Hammerlindl of Drayton Valley was one of these girls. Much is owed to those leaders who in the last seven years passed Margaret through the tests of Brownies, Guides and Rangers. She started as a Brownie in Luseland, Saskatchewan, then continued on in Lethbridge and Drayton Valley.

She would like to thank the following people of Drayton Valley who tested her for the badges necessary to obtain the Gold Cord: Religion and Life-Father Lynch; Cooks, Mrs. D. Pratt; Child Care and Homemakers, Mrs. R. Lyle; Hostess, Mrs. McKinnon; Laundress, Mrs. Geo Leckie; Needlewoman's and Toymakers, Mrs. T.R. Henderson; Hikers, Mrs. M. Tomaszewski; Trackers, Mrs. F. Dahl; Citizens, Sister Gabriel; Athletes, Mr. A. Andruschak; Swimmer, Mr. P. McClure; Pathfinders, Mr. W. Johanneson; Pioneers, Mrs. H. Houghton of Sherwood Park; and Campers Mrs. Hoyden of Longview, Alberta.

Letters of recommendation were written by Mr. A. Zubot, Mrs. R. Simpson, Sister Gabriel, Mrs. F. Neil, Mrs. P. Greschuk, and Mrs. J. Hegholz.

An applicant for the Gold Cord has to render unlimited service within her community choosing o ? project of at least four months duration. All this must be accomplished before the Guide's sixteenth birthday.

Our congratulations go to Margaret and we hope in the future there are more Gold Cord Girl Guides from Drayton Valley.

STATUS OF WOMEN DISCUSSED AT MEETING

The first fall meeting of the Drayton Valley Chapter #33 of the Alberta Association of Registered Nurses was held in the nurses residence of the Municipal Hospital on September 13, 1967.

Featured guest of the evening was Miss Mona Staves of the A.A.R.N. main office. Miss Staves helped initiate the discussion, "Status of Women", more particularly as it pertains to nursing. After such questions as "Are you satisfied with your image as a nurse?", "Why don't you return to active nursing?", "Is there discrimination in the employment field as to salary paid to females and males?", the nurses present had provocative discussion. The opinions expressed and direct answers given during this discussion will be utilized to prepare a brief which will be presented by the AARN to the Royal Commission on the Status of Women when it convenes in Edmonton in January, 1968.

It was also interesting to hear from Miss Staves that a delegation from AARN had met with representatives of the Alberta College of Physicians and Surgeons on September 13, 1967 to discuss "the grey areas in nursing" and to define procedures which are nursing procedures and those that are medical procedures. From this meeting it became apparent that what is a problem in a rural area is not always a problem in an urban area and vice versa. Progress of continued joint meetings between A.A.R.N. and Alberta College of Physicians and Surgeons will be reported to the local chapter from time to time.

Tonight, October 11th the professional nurses of Drayton Valley will meet again in the nurses residence at 8 p.m.

Sedgewick Edges Spartans 13 - 6

An intercepted pass and a gamble that fell inches short cost the FMHS Spartans a possible victory at the weekend. A pass to the right flat that was thrown a little light and a completed pass that was attempted late in the game deep in their own end zone but fell short of the first down gave the Sedgewick twelve a hard fought 13 - 6 victory.

The Spartan coaches have high praise for the outstanding work of Danny Bartlett, who scored the Spartans lone touchdown in this contest on a twenty-five yard pass from fullback Larry Metelski. All Spartan scoring so far has been done by the three B's - Ball, Bartlett and Bouschard.

The entire defensive unit of the Spartans are doing an excellent job and with a little more experience and elimination of costly lapses should be an outstanding team. Doing yeoman service on the line are Leslie Snell, Clarence Platz, Ron Astle, Gary McMorris, Rick Hopfe, Terry Jevne along with Jerry Ball, Ken Fink, Rick Gabelson, Bob Patteson, Dale Kennedy, Ron Cameron, and Lazlo Torok-Both.

Doug Ibbitson called an almost perfect sequence of plays as he moved the Spartans 85 yards yards in 7 plays for their major against Sedgewick, the sequence being highlighted by the fine running of the two fullbacks Stefan Hoge and Larry Metelski.

The highlight of the Spartan season will see Grande Praire Junior College travelling to Drayton Valley this Saturday to provide what should be great entertainment for local football fans.

Rubinoff and his $100,000. violin will appear in a popular concert under the sponsorship of the Drayton Valley Rotary Club in the Frank Maddock High School Auditorium on Friday, October 20th. Many times Will Rogers played square dance tunes on Rubinoff's precious Strad. In his memory the maestro provides a new unusual arrangement of "Square Dance Fiddlin." He 'swings 'em high and he swings 'em low' in a panorama of melodies ranging from Arkansas Traveller to Turkey in the Straw.

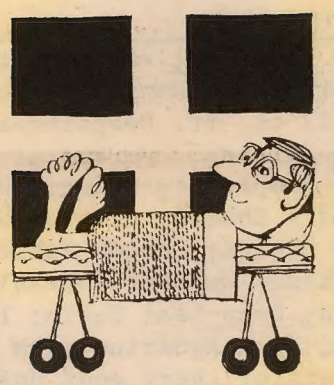
Bay Day

Have you ever wondered...



. . . how much it costs for complete hospital care in Alberta?

Five dollars the first day, and $2.50 for each day thereafter, for active treatment hospital care—that's all any Alberta resident has to pay to receive all of the services prescribed by his doctor as necessary to his recovery while in a general hospital. The remainder of the costs are paid by the Alberta Hospitalization Benefits Plan, administered by Hospital Services, Alberta Department of Health. The Plan also provides for outpatient services, paying 80 per cent of the charges, and makes auxiliary hospital care available to qualified patients for only $1.50 a day. The patient chooses his own hospital, when feasible, and if his doctor considers that he requires active treatment, there is no limit on the length of stay for which the patient is eligible. Out - of - province coverage is also provided by the Alberta Hospitalization Benefits Plan.

. . . what is the most important subject to Alberta's deaf school children?

Communication is the prime necessity, for, before he can begin his studies, the deaf pupil must learn to communicate with his teacher and with his fellow students. At the Alberta School for the Deaf, a branch of the Alberta Department of Education, students spend the first three years learning vocabulary, spoken and written language and sense training before they begin regular school subjects. To teach these, a combined method of instruction is used, utilizing speech, speech reading, auditory training and finger spelling. Pupils begin this preparatory course at the age of five and have the opportunity to progress to Grade X if they have the ability and the desire. For the older pupils, pre-vocational courses are offered in Home Economics, Industrial Arts and Business Education. The Alberta School for the Deaf accepts children of residents of Alberta, and Indian or Eskimo children from the North West Territories, wards of the Federal Government. The school has a capacity of 144 pupils.

. . . where Alberta's firemen learn their trade?

Every year, officers and potential officers from fire departments all across the province go to school . . . the Alberta Fire Training School in Vermilion. There, they take a five week course covering all aspects of their responsibilities, from actual fire-fighting to administrative work. Fire Officers Training Courses are available to all volunteer fire departments and to those professional departments which do not have their own training programs. Successful graduates receive a set of lecture notes and materials to enable them to pass along the acquired skills and knowledge to their own local fire fighters. There is no fee charged for the training and free room and board are provided for candidates from within Alberta. The Alberta Fire Training School is conducted by, and equipment, instructors and methods of training are all provided by, the Office of the Fire Commissioner, Alberta Provincial Secretary's Department.

. . . about the beautiful photographs which display Alberta to non-Albertans?

From West Germany to North Carolina, from Burma to Birmingham, people the world over are learning about Alberta from publications illustrated with life-like color photographs. The projection of this attractive image of our province is the work of the Film and Photographic Branch of the Alberta Department of Industry and Development, whose staff takes and processes those pictures used in government publications. In addition to showing Alberta to non-residents, the Film and Photo Branch also helps to keep Albertans up to date on the doings of the government, as they produce photos and film clips of newsworthy events for reproduction in newspapers and on television. Government photographs produced by the Branch are not available for direct advertising use, or to private individuals or firms for decorative purposes.

. . . what tops the agricultural "best seller" list in Alberta?

Actually, it's a publication called "Chemical Weed Control". Each year, 12,000 of these technical aids to farmers are distributed by the Publications and Visual Aids Branch of the Extension Division, Alberta Department of Agriculture. Next most popular is "The Alberta Farm Guide", closely followed by "The Horticultural Guide", each with a distribution of approximately 7,000 annually. Altogether, about 32,000 publications, covering all agricultural subjects from farm management to pest control, are supplied free to Alberta farmers each month, keeping them advised on new techniques and developments in food production.

EVANSBURG

Mrs. M. Bruner, Correspondent

It seems that we are getting a taste of winter these days as the weather persists in keeping cold and drizzly. This should be a fine warning to prepare for much colder weather which is sure to be here before we quite expect it.

In spite of chilly weather, tho, it seems a fair number of people turned out to the official opening of the ALC Livestock buying station which opened last week. This station is located just east of the village of Entwistle.

Funeral Service At Entwistle for Mrs. G. Jacobson

A memorial service was held in the Entwistle Community Protestant Church in honor of Mrs. George Jacobson at two o'clock on Monday, October 2nd.

Mrs. Lilly Belle Jacobson was born into the home of Mr. and Mrs. Field July 6, 1888, in Kansas, U.S.A. In March 1902 she moved with her family to Fort Saskatchewan, Alberta; and in 1905 she married William Bennett. They lived in the Clover Bar district near Edmonton. Six children were born into their home --three boys and three girls.

On October 25, 1945 she married Mr. George Jacobson and has lived in the Brightwood and Entwistle area ever since.

In the past years Mrs. Jacobson has suffered much from many ailments. She passed away in the Drayton Valley Hospital Tuesday September 26, 1967. She is survived by her loving husband Mr. George Jacobson of Entwistle; one son, Bill Bennett of Edmonton; two daughters, Mrs. Pearl Myers and Mrs. Kaye Alden both of Edmonton, and twenty-two grandchildren, as well as many great grandchildren.

Quite a stir was created in our household last week when we had Bill and Jack for overnight visitors. Bill and Jack, as the Journal readers have read, are the donkeys Mrs. Ida DeKelver uses for packing her supplies on her walk from Clearwater, B.C. to Wadena, Sask. Mrs. DeKelver is walking this distance as her personal Centennial project and at the same time retracing the route of the Overlanders.

As she goes along Mrs. DeKelver gives postcards at the places she stops. These postcards picture her and her donkeys and on the reverse side is this explanation. "As a personal Centennial Project, Mrs. Ida DeKelver is riding her two donkeys, Bill and Jack over the Yellowhead Route via Edmonton, Saskatoon, Wadena and end in Kuroki, Sask. her home town. Hoping to average 30 miles a day, is retracing the route of the Overlanders who came through in 1862, 105 years ago. She is being sponsored by Howie and June Mjolsness of Dutch Lake Resort and other interested organizations." All I can say is the best to Mrs. DeKelver and that I wouldn't want to undertake such a project.

I am glad to report that Mr. Roy Getson of Chip Lake is now on the mend in an Edmonton hospital. Mr. Getson was injured in a road accident near Wildwood.

The local 4-H Club wishes to let everyone know that the annual re-organization meeting will take place on October 13, in the Evansburg School.

Anyone wishing to have a news item printed in this column is very welcome to send or phone it to me, please, and I will send it along to the paper.

FINDLAY, Robert M. | X

Vote FINDLAY on October 18th for MAYOR

For honest, dynamic civic government continuing to create a better place to live and bring up our children, mark a big X opposite Findlay. We must continue to forge ahead, and this is the way to do it.

All possible efforts will be made to streamline procedures and economize procedures so as to maintain our position and prestige and yet keep taxes down. We have a good slate of councillors this year. Vote wisely and elect a council who will get things done.
